For as little as R360 (R30 per month) you will make a difference in allowing us to continue our work for conservation.

Any additional donations to the CVC are most welcome.

Thank you for your continued support and generosity!

Special Appeal for Ranger Donations

Due pressure from Covid- 19, The CVC has had a substantial drop of income, which is expected to continue until December 2020. This income is used to fund our Rangers and we appeal to you to please assist the CVC with monetary donations, to help us through this difficult time.

General information

The Clarens Village Conservancy (CVC) was established in May 2004, registered with the Department of Environmental Affairs as a Non-Profit Organisation with the Department of Social Development (068-115NPO). The CVC incorporates, curates and maintains an extensive network of trails open for hiking, running and mountain biking in the **Clarens Nature Reserve**, as well as running the recycling plant and maintains a high standards of hygiene at the public toilets in the village. This is all managed by a team of volunteer committee members, three permanently employed rangers, a cleaner and a recycling staff member. The CVC relies entirely on funding from membership fees, donations and fundraising.

Some activities of the Clarens Village Conservancy include:

- ❖ Maintaining the hiking trails.
- ❖ Removing snares and reporting on any signs of poaching in the nature reserve.
- ❖ Environmental education at the local schools and youth groups.
- ❖ Removing rubbish from the trails as well as picking up litter around the town.
- ❖ Supporting the recycling centre which collects, separates and sorts recyclables at the recycling shed.
- ❖ Education of harvesting the indigenous plants and trees in the nature reserve.
- ❖ Replanting indigenous plants.
- ❖ Liaison and education of cattle owners within the reserve.

- ❖ Park Run Support.
- ❖ Rangers are fully trained in emergency CPR and First Aid.
